imagination at work

A select group

Authorized GE Security Pro dealers are specially selected after demonstrating a history of excellence in professional security system design and installation. With long-standing reputations as dealers you can trust, their work represents the kind of craftsmanship that puts them head and shoulders above other dealers. These dedicated local companies have been certified by GE, a world-class research, development, design and manufacturing corporation that introduced reliable wireless and hardwired security systems for residential applications.

Local knowledge that's always there for you

Security Pros are part of an elite network of dealers comprised of locally owned companies. This local base means you have personalized attention from a dealer who is there for you during the installation process as well as after the work is done to take care of any future needs you may have.

Security Pro dealers are experts at installing a wide variety of products, offering systems that work for you and your budget.

Flexible solutions:

- Intrusion protection
- Home automation
- Fire protection
- Video surveillance
- Access control

Deliberate design

Beyond extensive product offerings, Security Pro dealers are trained to evaluate and design system solutions based on your specific situation. By taking the time to get to know you and your needs and expectations, a Security Pro dealer can customize your security system and install it neatly, efficiently and reliably. Among the considerations for designing your unique security system:

- **Size and style of your home**
- **Your security priorities**
- **Vulnerable entry points**
- **Fire safety and environmental monitoring needs**
- **Special concerns or needs for family members**
- **Considerations for children or pets**
- **Thorough user training**

Network resources

When you work with a GE Security Pro dealer, you have the assurance and convenience of the entire network of Security Pro dealers. The GE Security Pro network includes nearly 300 expert dealers throughout the U.S. and Canada. If you ever have to relocate, there is likely to be a nearby GE Security Pro dealer committed to your safety and security.

Global confidence

Your dedicated local Security Pro is a select partner with GE Security, a global technology leader committed to innovation, world-class research, design and manufacturing. A pioneer in reliable wireless security systems and hardwired systems, GE Security's primary business is personal and professional security. Backed by a strong guarantee of exceptional service, design and installation, GE Security and your Security Pro dealer are professionals you can depend on.
